Date: 7th Feb 2022

To The Chairman
Central Water Commission
Ministry of Jal Shakti Government of India

Subject: Regarding the implementation of programmes for citizens welfare

Respected Sir/Ma'am

I am writing this letter to you requesting consultation for the South Chennai constituency on water bodies related issues, and coordinating various government schemes for conservation, control, and utilisation of water resources. This foremostly requires a feasibility study and a relevant survey with regards to the upgradation of ponds, dams and other water bodies in the light of recent floods in Chennai. The residents of South Chennai, Tamil Nadu have been affected by the massive downpour, heavy floods and rainfall in the region recently. As you must be aware, this time monsoon rains battered several regions of Tamil Nadu, with 75 percent showers above normal. This created a flood-like situation which led to water stagnation in more than 200 places. At least 10,500 people have been accommodated in relief centers but several have lost their livelihoods, businesses, and basic sources to meet their daily needs. In the light of such a disastrous situation affecting thousands of residents and their livelihoods, I request an immediate survey to be conducted by the Central Water Commission which can help devise and provide required flood control measures. Looking forward to your response.

Thank you
Warm Regards

Dr. T. Sumathy (a) Thamizhachi T.

Dr. T. Sumathy (a) Thamizhachi Thangapandian
Member of Parliament (Lok Sabha)
Chennai South Constituency
TAMIL NADU.
